

Green Safaris

BUSANGA PLAINS

North Kafue, Zambia

ZAMBIA

"You can stand on the deck of your Bird's Nest and see so far that you can see today leaving and tomorrow coming all at the same time."

- Jacques van Heerden, Group Operations Manager

The plains are based
in the north of
Kafue National Park

When we started with the Chisa Busanga Camp design, Green Safaris' Founder, Vincent and his close friend Bert Meerstadt, an architect from the Netherlands, were wandering together around the island where the camp would be situated, in the middle of the Busanga Plains. And at one moment during their walk together, they both looked up and stared at a beautiful bird's nest. In a split second and without words, they both realised what the design of this new camp would be – nests!

Weavers' nests make ingenious homes and we wanted to replicate this in some way, but of course on a larger scale for people. The goal was to offer unique and fascinating accommodation as well as create beautiful spaces where guests could reflect on nature's wonder and ingenuity. What we were soon to be reminded, however, is that nature has had millions of years to perfect her designs. Our experience at nest building at this point was zero.

AT A GLANCE

LOCATION	Located in the heart the Kafue National Park's Busanga Plains, Northern Kafue. Overlooking vast flood plains and dambos that teem with wildlife.
GPS	14deg12'20.6" S 25deg48'13.5" E
AIR ACCESS	Access to Chisa Busanga Camp is best by plane. Lusaka – Busanga airfield or vice versa – approximately 1 hour and 45 min. Busanga – Ila Safari Lodge (Chunga Airfield) or vice versa – approximately 20 minutes. The indicated flight times will depend on the size of the plane. Coordinates: S 14 17 34 E 025 53 49
ACCESS BY ROAD	Ila – Busanga – 5 hours. Only one-way transfers available from Ila to Busanga. Clients will be requested to fly out of the plains. Road transfers from Lusaka to Busanga on the same day is offered.
VISA	Most passports require a visa – can be obtained in advance or arrival at Kenneth Kaunda Airport.
CURRENCY	Zambia Kwacha (ZMW). USD cash widely accepted in Zambia.
SEASONS	Summer – August to April with October and November being very hot. Winter – May to August. Evenings are cool and mornings very cold.
RAINS	November to March.
MALARIA	Malaria is prevalent across Zambia. Please consult your doctor for recommended prophylaxis.
YELLOW FEVER	No longer needed to transit through SA.

WHAT SETS US APART?

Chisa Busanga Camp is the most recently opened camp in the Green Safaris family.

A family that is dedicated to our wild spaces.

This means that Chisa Busanga Camp is the only property in the Busanga plans that offers silent safaris using our electric Land Cruisers and on our Electric Mountain Bikes.

Chisa's "Nests" offer a unique perspective of the Busanga plains, a birds' eye view. Something many imagine but never get to experience.

There is a unique sense of spirituality in the Busanga, with the magical open plains guests experience a sense of freedom.

LODGE FACILITIES

TENTED NESTS

All tented nests are luxury en-suite with single vanities and separate toilet cubicles. Showers are open plan to the bedroom but have shower curtains for privacy.

All tents overlook the vast Busanga Plains and are elevated to a height of 4 meters which provides expansive views.

1 Tented nest has an electrically operated lift and is conveniently located near the main building for guests with mobility restrictions.

Filter coffee, a variety of tea and cookies are provided. Hot water is delivered early morning by flask and can be delivered at any time of the day on request.

PRIVATE DINNER

Yes – various locations available on request. Meals can also be served in your tent on request.

FENCED

Cycling safaris on electric bicycles. A maximum of 6 people per safari and the minimum age is 14 years old.

Breakfast or lunch in the bush.

Green Safaris was born out of a deep connection with Africa's untouched wild spaces and the wildlife and communities that call them home.

This passion drives our commitment to conservation, empowerment and sustainability in every aspect of Green Safaris. We see our properties in Zambia and Malawi as a means to that end, allowing us to offer an authentic experience for you and those you meet along the way. Each property supports at least one conservation or environment initiative and one community project.

DOING GOOD

THE FARM

Green Safaris runs a community farming project near the Nalusanga Gate. This project is aimed at benefitting the local communities by providing them with alternative food sources and giving them the opportunity to sell the excess to lodges and at the local market.

GOING GREEN

Chisa Busanga Camp is designed to run 100% off Solar. Rubbish that cannot be composted and used at our Ila Community Farm is separated and recycled where such a service is available in Zambia. We operate an electric game drive vehicle. We also focus on the little things by providing filtered water in re-useable glass bottles plus many other small efforts that all count towards creating a sustainable environment.

PACK FOR A PURPOSE

Will you have a little extra space in your luggage? Ila Safari Lodge supports the local Chunga Community as much as we can and we are often told by our clients that, had they known in advance, they would have loved to have brought supplies along with them.

So, if you would like to contribute, then much needed pens, educational books, posters, medicines, medical equipment and sports equipment will make a huge impact on this school. The Chunga school has a boarding facility and provides education to children from far and wide from the ages of 6 to 16. Many prominent businessmen and members of Zambian society schooled here.

GREEN SAFARIS CONSERVATION FOUNDATION

With conservation in our hearts, it is one of our key missions and we have set Conservation up a dedicated organization which actively supports a variety of conservation Foundation: organizations active in our areas. We take great pride in educating our guests and wherever possible whilst visiting our lodges, actively involve them in these conservations related activities.

2020 initiatives include Game Rangers International, Panthera, Hack the Poacher, Zambian Carnivore Project, and South Luangwa Conservation Society.

For more information and welcomed contributions please contact us at conservation@greensafaris.com.
